**BIRMINGHAM BARONS HERE FOR 3 GAMES WITH EBBETS' MEN**

OFFICIAL ROSTER OF VISITORS  
SUPPLIED BY SECRETARY TYSON — SPORTING EDITORS  
ALONG TO KEEP TAB.

This afternoon the first game of a series of three between the Brooklyn Superbas and the Birmingham Barons was played on Ebbets field. The southern league team came over this morning from Orlando, where the club is putting in several weeks of winter practice. The Barons constitute one of the strongest baseball organizations in the south, and the game today, tomorrow and Monday are expected to bear a strong resemblance to the real article of major ball. Through the courtesy of Secretary W. Tyson, the Daily News is able to publish a correct list of the Birmingham players and their respective positions.

Pitchers: C. H. Hay, Pat Dougherty, Earl Block, Arthur Johnson, Omar Anderson, Dick Robertson, J. L. Hartley.

Catchers: George Johnson and Geo. Dale.  
First base, Charlie Carroll; 2nd base, Cecil Coombs; short stop, Roy Jones; 3rd base, Edson Hemmingsway; left field, Clyde McBride; centre field, Arthur Hartle; right field, Yale Dean; outfield, Jimmy Magee; manager, Carlton Molesworth.

Also with the club are H. C. Vaneer, sporting editor of the Birmingham Post, and R. F. Lussier, sporting editor of the Birmingham Age-Herald.

**MICHIGAN PEOPLE ENJOY PICNIC AT PONCE PARK**

About 40 Michigan people who are spending the winter in this vicinity took advantage of the fine weather today for a river trip to the inlet cottages. The sun shone warmly today, making it a delight to picnic out of doors. Oysters roasted over a open fire added to the feast of good things and presented a novel sight to many. The time was pleasantly spent in visiting the Mosquito Inlet lighthouse and in getting acquainted. The trip home was made while the day was still warm and many of the party expressed themselves as having had "just a fine day."

Mr. and Mrs. F. L. Flint, who have been here during the season, being located at 22 Magnolia avenue, departed today for their home in Minneapolis. Mr. and Mrs. Flint had spent other winters in Daytona, but had not been here for several seasons, and their sojourn was enjoyed by many made during former visits.

## 800,000 BRITISH WILL TRY TO DRIVE KAISER'S LEGIONS FROM FRANCE

PARIS, March 13.—Two of the greatest armies ever assembled since the dawn of history now face each other in western Europe. A stream of British has been pouring into France all the week, and the French reserves, now well trained, are moving to the front.

It is estimated that 800,000 British soldiers are now in France, and it will be their task to push the invading Germans back.

At the north, the British are strongly on the offensive, hoping to compel the enemy to evacuate Lille. Activity along the coast is increasing, the Belgians taking a field fort from the Germans.

PARIS, March 13, 4 P. M.—A thousand Germans were captured today by the British, who have occupied Aubers and numerous German trenches.

It is unofficially reported that the British are bombarding Lille, and that the Germans are preparing to evacuate the city.

## JURY ACQUITS H. K. THAW OF CONSPIRACY CHARGE

NEW YORK, MARCH 13.—HARRY THAW AND CO-DEFENDANTS IN THE CRIMINAL ACTION CHARGING THEM WITH CONSPIRACY GROWING OUT OF THAW'S ESCAPE FROM MATTEAWAN ASYLUM WERE ACQUITTED TODAY. THE JURY BROUGHT IN THEIR VERDICT SHORTLY AFTER NOON. THAW WAS RETURNED TO THE TOMBS PENDING THE COURT'S DECISION ON A MOTION MADE THAT HE BE RETURNED TO NEW HAMPSHIRE.

## U.S. DEMANDS KILLERS OF MACMANUS BE PUNISHED

VERA CRUZ, March 13.—A sharp demand for the punishment of the soldiers who killed John Macmanus, an American, and defied the American flag in Mexico City, was presented to General Salazar, the Zapata leader, last night by an attache of the American embassy but who is now with the Brazilian legation. The demand is reported to have come direct from Washington and that it was ordered by President Wilson.

## TEUTONS WIN AT NORTH; LOSSES BIG IN GALICIA

PETROGRAD, MARCH 13.—FIERCE ATTACKS BY VON HINDENBURG WEST OF THE NIEMAN RIVER HAVE COMPELLED THE RUSSIANS TO RETIRE SLIGHTLY AND ASSUME A DEFENSIVE ATTITUDE. HEAVY GERMAN RE-INFORCEMENTS SUDDENLY APPEARED IN THE VICINITY OF AUGUSTOWA.

THE BATTLE IN THE REGION OF THE BOBR RIVER CONTINUES WITHOUT DECISIVE RESULT.

MINOR GERMAN GAINS IN POLAND ARE MORE THAN OFFSET BY RUSSIAN SUCCESSES IN GALICIA. THE CZAR'S FORCES RECAPTURED LUPKOW AND SMOLNIK.

## ELKS' MINSTRELS SEEN AND ENJOYED BY GOOD AUDIENCE

SUCCESSES SCORED BY WRIGHT, McDONALD, SHAW, MALBY, BROOKS, DONNELLY, QUALITY FOUR AND OTHERS.

The second Elks' minstrel show presented at the New Daytona theater last evening was a success, being even a better production than the show presented earlier in the season by the Bills. A very fair sized audience greeted the show last evening and the Elks' charity fund will be materially increased by the performance.

The show opened with a drill in front of the beautiful setting of the Elks' home. The black face comedians executed some neat figures while the white face were arranged on the steps, with the interlocutor, Otis Pellicier at the top. Seated on the porch were ten members of the Brooklyn baseball squad. Trainer Kelly was near the center, and the others with him were Pfeffer, Schmutz, Shultz, Miller McQuinn, Cadore, Cutshaw, Zimmerman and Zach Wheat.

Fairfax Ludlow gave the show an auspicious start with the appropriate "Floridaland" song. W. J. McDonald sang "When You and I Were Young, Maggie," his voice being at its best last evening. Harry Erickson's song was "When the War Breaks Out in Mexico." As in the first show, Wellington Shaw was a hit with his songs, "Good-bye, Girls" and the favorite "Tipperary." When the principal comedians, Shaf Wright and A. J. Malby, were introduced, Shaf offered "No, No; Positively No," and was forced to sing many verses before allowed to rest. Malby offered "The Darktown Poker Club" and "The Vampire" in the manner all his own, which always makes a big hit in local circles.

Leon D. Brooks' song, "When You're a Long Ways From Home" was a small sensation and a promise of the good things to come from him in the olio. Otis Pellicier closed the first part with "You're More Than the World to Me," and "Tennessee," the black face doing a drill, using "I Want to Go Back to Michigan."

It may be easily said that the jokes were better than any ever used in a professional production of a similar nature.

Alfred Donnelly opened the olio, following an overture, "The Chimes of Normandy" by the Quality Four, which scored heavily, with several violin selections. He was greeted with generous applause. A short sketch followed, and closing with a

### Important Legal Ruling.

The latest ruling on the admissibility of "dying declarations" in evidence in criminal cases is made by the supreme court of Georgia in Sewell vs. State, in which the court states in its syllabus:

"In a murder case it was error to charge the jury that 'when death is approaching and the dying man has lost hope of life, and his mind feels the full consciousness of his condition, the solemnity of the scene gives to his statement the sanctity of truth, and such dying declaration, when made under such circumstances, may be given in evidence and submitted to the jury.' Such charge tended to unduly impress the minds of the jury with the weight of the evidence contained in dying declarations, as to which juries do not require any emphasis from the bench."

### Physique Counts for Much.

Muscular movements are the golden chords of good works which mingle with the visions of great deeds and harmonize the soul of man with purer worlds. They give both a source of reserve power and confidence, a power of growth, of good and of evil, which nothing else does. Optimists are usually men and women who come from a vigorous, stocky, muscular race. They are of the type who are potentially as well as actually of fine physique.

### Trapped.

They were quarreling. "Well, you can't say I ran after you," said the wife. "Neither does a mousetrap run after the mice, but it catches 'em just the same," replied hubby.

### No Cause for Tears.

"We have never had a president named Charlie," remarks the Toledo Blade. Nor to the best of our knowledge have we ever had one who was called Reggie or Algernon, but we can't see that the fact is calculated to move any one to salty tears.—Philadelphia Inquirer.

### CADILLAC For Sale

Party leaving for the north on April 1st, will sell four-cylinder 5-passenger automobile in perfect order; price \$400. Apply to MR. HENDERSEN at "The Geneva," Seabreeze.

### Tuberculosis Death Rate Lower.

The whole tuberculosis situation, which children are so largely the beneficiaries, would have been improved without the use of rabbits and guinea pigs. By the use of tuberculin it is now possible to make a diagnosis of early in life that a life-threatening case is cured. Hundreds of children and permanent lung disease from tuberculosis of the spine and hip joints are rapidly disappearing. In New York the death rate from tuberculosis has been reduced about 40 per cent; in Boston 55 per cent.

Study of tuberculosis in animals has proved also that the disease is inherited.

### The Young Wife.

"My wife got her tongue tied and all her hard cooking went to nothing."

"How was that?"  
"She tried to make the same thing out of a formula for a young man's work."

### LAND PURCHASED FOR 18-HOLE GOLF COURSE

LOCAL SYNDICATE BUYS 200  
ACRES NEAR DAYTONA—WORK  
STARTS SOON — COURSE TO  
BE READY NEXT SEASON.

A syndicate composed of well known local men, Michael Shultz, F. N. Conrad, E. L. Potter and L. M. Walter, and Judge Bert Fish, of DeLand, has purchased about 200 acres

of land on the peninsula, three-fourths of a mile north of the present golf links, and will open an 18-hole golf course upon it.

The property was purchased from the Ormond Beach and Seabreeze Realty company and the work of transforming it into a golf course will be commenced early in the coming summer in order to have the grounds in readiness for the season of 1915-16.

Golf is the all-absorbing means of amusement with many of the tourists and winter visitors to Florida and a good golf course is not merely an attraction but an absolute necessity to a tourist district like that of Daytona

and the peninsula towns of Daytona Beach and Seabreeze.

Realizing the growing necessity here for a larger and better course for the entertainment of the constantly increasing number of winter visitors, the gentlemen of which the syndicate is composed seized upon the opportunity to purchase this body of land which is well situated for the purpose for which it was acquired and which is but a preliminary to the organization of a golf association for this section.

The tract of land secured is exceptionally well located for the purpose, being readily accessible by automobile from Ormond and the towns of

Daytona Beach and Seabreeze and from this city in like manner, or by means of the electric car line which can also be used from Daytona Beach and Seabreeze.

### "A GREAT DISCOVERY" AT BAPTIST CHURCH TOMORROW

The pastor of the First Baptist church will speak tomorrow morning upon the topic, "A Great Discovery," and these are days of ever new and great discoveries. The bible school will meet at the usual morning hour 9:45 o'clock. At the morning service the pastor will preach an illustrated sermon to the children. These sermons are interesting to the grown-ups as well as the children. The Junior society in charge of Mrs. Rightmire meets at 3:00 and is for all the boys and girls of the city between the ages of 6 and 14. The devotional hour of the B. Y. P. U. held at 6:30 o'clock will have as its leader tomorrow night Miss Rosalind Otis, and the topic for the study will be "Tests."

At the evening worship the pastor will preach the second sermon in the series, "Home Sweet Home." The special topic, "Sweetheart Days," will be of interest to both young and old. A bright, snappy song service will precede the sermon.

**Daily Thought.**  
Youth comes but once in a lifetime, therefore, let us so enjoy it as to be still young when we are old.—Longfellow.

A quarter of a million dollars will be spent in community improvements by the Mountain Lake Corporation, of Polk County, Florida. These will include roads, parkways, golf courses, a club house, and other luxuries. The property thus improved is to be made the most attractive and complete winter home location in the United States. It will include the finest and largest body of orange and grapefruit groves in all the world.

Frederick Law Olmsted of Brookline, Mass., has charge of the landscaping. The groves will be planted and brought into bearing by M. E. Gillett & Son, of Tampa, Fla. Mr. Olmsted and the Messrs. Gillett come to the performance of their tasks here with world-wide reputations for successful achievements in their respective fields. At Mountain Lake their previous work will be eclipsed in that here they are proceeding on more elaborate lines.

The citrus groves, in ten-acre units, will be brought into bearing before they are turned over to the purchasers. No expense will be spared in making them superior to any orange or grapefruit groves that now exist. Around the lakes and on the mountain sides winter home sites will be laid out as a part of the general landscaping plan. These properties will be sold only to persons of unquestioned social position, insuring a community of the best type.

The Mountain Lake Corporation commands respect because of the standing of the gentlemen who compose it. Among the leading stockholders are the following:

FRANK S. WASHBURN, president American Cyanamid Company, Niagara Falls, Ont., president Alabama Power Company, Birmingham, Ala.  
JAMES MITCHELL, president Alabama Traction, Light & Power Company, Ltd., New York and London.  
HERBERT E. GOODMAN, vice-president and general manager Goodman Manufacturing Company, electrical mining machinery, Chicago, Ill.  
ELMER A. SPERRY, president Sperry Gyroscope Company, New York.  
M. E. GILLET and D. C. GILLET, proprietors of Buckeye Nurseries and Gillett Lumber & Transportation Company, Tampa, Florida.  
E. C. STEART, vice-president State Bank of Bartow, Bartow, Fla., director Corcoran Phosphate Company, Lakeland, Florida.  
FREDERICK S. ROTH, president Mountain Lake Corporation, Lake Wales, Florida.

A preliminary booklet, now ready for distribution, gives the plan much more in detail. Copy will be mailed and further particulars supplied upon request.

## ST. PATRICK'S BALL WILL BE BANNER EVENT

When the management of Hotel Clarendon announces that it will endeavor to excel all previous efforts to make this year's St. Patrick's ball a greater success than usual, the statement should be taken to mean something. The reputation that has long since been established by the big resort can ill afford to do things by halves, and persons who plan to be present on the night of March 17, may be sure that nothing will be left undone that will serve to enhance their personal pleasure on this particular occasion.

St. Patrick's ball is looked upon as the last of the season's big social events and for that reason, if for no other, greater stress is laid upon its most successful culmination by the Clarendon management.

## LATE ARRIVALS AT THE BIG WINTER RESORT

## CLARENDON BELL BOYS WILL ENTERTAIN YOU

The bell boys at Hotel Clarendon are preparing to give a program of field sports on St. Patrick's day that will appeal to all lovers of athletics. Several cash donations have been made to the committee, by the management of the hotel and not a few of the guests, which will be used to purchase prizes for the different events. All are cordially invited to meet on the beach in front of the big hotel at 10 o'clock next Wednesday morning and witness the fun.

## Trapping Sparrows.

In England sparrows are trapped with a sieve, one end held up by a short stake to which a long string is tied. The trap is baited with bread crumbs, oats or wheat. The birds are permitted to eat the bait until a number have gathered under the sieve, when the cord is pulled, removing the stake and allowing the trap to fall over the birds gathered under the sieve.

## Iron in India in Epic Age.

That iron was found in large quantities in the epic age in India is evidenced by the fact that it was then employed in making massive statues. In the third or fourth century before Christ, the Hindus were apparently adepts in preparing steel. In the literature of the times, one comes across elaborate descriptions of various surgical instruments for most delicate surgical operations.

## FRIDAY'S CONTEST LOOKED MUCH MORE LIKE REAL BASEBALL

Yesterday's offering at Ebbets Field was a battle between the Superbas and a picked team representing the Clarendon and Ormond hotels. The crowd was treated to a somewhat better brand of baseball than was handed out the day previous, but there were some rank streaks occasionally. The final score was 12 to 1 in favor of the Brooklyn aggregation, but there were extenuating circumstances: the hotel boys showed flashes of form at times, although their work with the stick was extremely mediocre. The Brooklyn batsmen whaled away almost at will and hammered out some drives which bespoke the return of battling eyes in the big leaguers.

The lone tally of the hotel team came as the result of a single, an error and two infield taps on which the runners were retired at first. Six Clarendon-Ormond players got on the bags, Kane being left at second on three separate occasions. He contributed one of the two hits garnered by his outfit, both of these bingles being secured off the delivery of Jack Coombs, late of Con-  
nie Mack's White Elephants. O'Mara retired in favor of Getz toward the end of the game, the latter holding down the short field job to the finish, although having no chances whatever. McCarty and Miller did the receiving, while three

shifts of twirlers labored during the contest. Brown started the argument off and was laid off in the fourth to allow Coombs to work out his salary wing. Each of these slabmen fanned four of the opposing batsmen, while Schmutz, who twirled the last three sessions, got six hotel boys by the strike-out route.

Wheat was the star performer in the runmaking department, denting the rubber four times, while Cutshaw followed with three tallies to his credit.

Zack also swatted safely each time he faced the hotel twirler and his wallops had the snap of mid-summer form.

Today the Brooklyn bunch entertains the Birmingham Barons for the first of a three game series at Ebbets Field. The Southern league champions should give a good account of themselves, and the Superbas will go up against the first real test of the training season. Just who the twirler or twirlers will be to work against the Alabama contingent, has not yet been divulged by Manager Robinson, but he has a good sized stable of slab artists to select from.

The line-up of the teams in yesterday's game and the score by Innings follows:

Brooklyn--O'Mara and Getz, ss; Daubert, 1b; Schultz, 3b; Wheat, lf; Cutshaw, 2b; Myers, cf; Zimmerma, rf; McCarty and Miller, c; Brown, Coombs and Schmutz, p.  
Clarendon-Ormond--Campbell, lf; Harrison, 1b; Kane, c; Dougherty, cf; Fitzpatrick, rf; Losey, 2b; Kennedy, 3b; Cummings, ss; Tillman, p.

## THOUGHT SHE WAS BUYING HOUSE WITH RENTAL PRICE

An incident is said to have occurred in this city recently in relation to the rental of a house that leaves a question as to whether the lady concerned in the transaction was merely unsophisticated or a deep practical joker.

The owner of a residence in the southern part of the city was applied to by a lady from the north for, as he supposed, the rental of the house for the remainder of the season. As the season was already well advanced, he told her that she might have the place for \$200. She seemed very well well satisfied with the price named, but said she would have to write home for the money and the matter rested until a little later she returned with the \$200 and asked the owner of the place to make out the deed. He had considerable trouble in explaining that he had not given her sale price and that the \$200 was the

rent only for a part of the season. The story to be properly appreciated should be heard from the owner of the property.

without contending there can be no

conquest.—Thomas a Kempis.

Where's the Wheels?

Two-year-old Harry had never seen

a live lamb, his only knowledge of

that animal being derived from a toy

one on wheels. While visiting grand-

father on the farm, he was taken to

the sheep pen to see the lambs. Af-

ter looking at them for a few minutes,

he looked up at his grandfather with

a puzzled expression, and asked:

"Where's the wheels?"

Uncle Eben.

"Mebbe dar'd be a heap mo' work

done," said Uncle Eben. "If dey got

\*WHERE YOUR TREASURE IS, THERE WILL YOUR HEART BE ALSO." Jesus said that. Are you making treasures of earthly things to the detriment of your soul? Go to the Baptist church tomorrow and find out.

\*\*If the person who picked up a black moir bag, with silver top, at the Crystal theater Thursday night will return same to Daily News office no names will be mentioned.

E. W. Sommer, of St. Louis, Mo., who came to Daytona Monday of this week from Tampa and joined his sister, Mrs. John C. Reid, also of St. Louis, who, with her little daughter, Catherine, is visiting Mr. and Mrs. E. H. Armstrong at their home in Bungalow Park, departed Friday after a pleasant visit, going from this city to New Orleans, La.

\*Launch "Home Run," the most comfortable launch on the river, for charter. Inquire Mills' Cafe. \* 181-6t.

PICTURES! PICTURES! PICTURES! "Around the World in 90 Minutes," pictures of the bottom of the ocean and other scenes—2 reels and many views. Highly educational. Children especially. EPWORTH HALL of the M. E. Church, Monday afternoon at 3:00 o'clock.

Miss M. E. Dearborn, of Boston, Mass., who has been spending the winter season, as usual, with Mr. and Mrs. Clarence Corning at their winter home in Holly Hill, left Friday for St. Augustine where she will spend about two weeks before continuing her journey northward. Miss Dearborn has made many friends at Holly Hill who greatly enjoy her annual winter visit and regret her return north.

\*You will hear something about your "Sweetheart Days" at the Baptist church tomorrow night.

\*We have just received a large shipment of trunks, bags and suitcases now being offered for sale. Anthony Bros. 181-3t.

Mr. and Mrs. John I. Brown and Mrs. D. S. Rees and Mrs. F. C. Rees, all of Minneapolis, Kansas, are recent arrivals in the city and guests for a time at the Cleveland hotel, coming here from Miami where they had been during the winter. Mr. and Mrs. Brown are not strangers in Daytona, having spent the season here two years ago. Mrs. D. S. Rees is the largest producer of wheat in Ottawa county, Kansas.

\*Make a selection from our big stock of new trunks, bags and suitcases before going north. Anthony Bros. 181-3t.

\*"A Great Discovery" will be the topic of the morning sermon at the Baptist church tomorrow.

Captain and Mrs. A. G. DeJarnett, of Williamstown, Ky., and their daughter, Mrs. J. J. Marshall, wife of Dr. Marshall of Crittenden, Ky., are in Daytona for a visit of two or three weeks with Mr. and Mrs. W. E. Sullivan at their apartments over the First National bank, of which Mr. Sullivan is president. Mr. and Mrs. DeJarnett and Mrs. Marshall are Mrs. Sullivan's parents and sister.

\*The Bank says that their book is the best possession but the church can beat the bank with a book. It's the Book of Books. The message at the Baptist Church will be taken from the BOOK.

Mrs. S. E. Harpel arrived Thursday evening of this week from Wilmington, Del., and joined Mr. Harpel who came to Daytona in the early part of the season and has been filling the position of assistant manager for C. Nash & Son of Volusia avenue. Mr. and Mrs. Harpel are located in one of Mrs. C. Nash's cottages, 34 Volusia avenue, convenient to the place of business.

#### IMPORTANT MATTERS BEFORE SEABREEZE COUNCIL.

The Seabreeze town council met Friday night. Report of the judges of election received and ordered spread upon the minutes. Voted that the candidates receiving the majority voted, as read by the clerk, be declared elected. Voted that the council adjourn sine die.

The newly elected council were sworn in by Attorney H. A. Horn.

All present at roll call. S. Z. Holland was elected president of the council. The marshal was instructed to grade Palmetto avenue 20 feet wide to receive water main. The following committees were appointed by the mayor and were confirmed by the council: Street committee, Aldermen Mathas, Upson and Buckner; finance committee, Aldermen Holland, Upson, Mathas and Simpson; law and ordinance committee, Buckner, Simpson and Upson; taxes and license committee, Aldermen Mathas, Holland and Buckner; chairman of street committee was ordered to repair Ocean boulevard and Atlantic avenue where needed. Voted that tree-ster have additional bond for \$5,000.00 ready by the next regular meeting. Tax collector's bond was fixed at \$5,000, as last year.

#### Let Her Go.

At a fancy dress ball for children a policeman stationed at the door was instructed not to admit any adult. An excited woman came running up to the door and demanded admission. "I'm sorry, mum," replied the policeman, "but I can't let anyone in but children." "But my child is dressed as a butterfly," exclaimed the woman, "and has forgotten her wings." "Can't help it," replied the policeman, "orders is orders; you'll have to let her go as a caterpillar."

#### Ancient Cult of the Flycatcher.

Beelzebub was the fly god of Ekron (referred to in II Kings 1:2, 3, 4 and 10). The great god Baal was sometimes worshipped as the "lord of the fly," as he who drives off the flies. The flies were then and are now man's worst enemies in Palestine and Egypt. We remember well how we had to be continually fighting them off with fans when we were traveling in those lands. The flies settled on the eyes of the children and literally sucked out their eyesight.—Christian Herald.

#### INTERESTING LECTURE GIVEN BY W. B. HATCH

W. B. Hatch, who was Michigan member of the American commission on an official trip through Russia and other European countries in 1913, spoke at the Tourist church Wednesday night on the result of his observation after three months' study of rural credits and cooperative problems. Mr. Hatch, in comparing the rural credit system of Europe with that of the United States, said the American farmer was at a disadvantage in financing his business. He commended the business methods used in many respects in the countries he visited and the results they attained by their various cooperative societies.

#### Cleaning a Mackintosh.

Mackintoshes, when dirty, can be easily cleaned at home. Spread out the garment flat on the table and scrub with warm water and yellow soap in which a little carbonate of ammonia has been dissolved. Rinse in cold water and hang in the air to dry. On no account put it near the fire.

#### Friendship's Duties.

#### MRS. S. S. PEIRSON ENTER- TAINED LADIES' SOCIETY

Mrs. S. S. Peirson and daughter, Miss Pierson, entertained the Ladies' society of the Tourist church at their winter home on North Halifax avenue Wednesday afternoon. Rev. E. W. Serl gave a talk on "Vignettes from the Open." Mrs. Lott and Miss Pierson, soloists, sang songs on nature studies. The meeting was very interesting. Thirty-five ladies were present. A silver offering of \$5.30 was taken. An invitation was extended by Mrs. Perrin, and accepted, that the next meeting be held at her home on Ridgewood avenue, Daytona.

Andrew Middleton, who has been suffering from severe attacks of the heart, is now much improved under Dr. Klock's treatment.

# Quality- Compare Prices

The Goodrich Tire,  
like the trained  
athlete is all brawn  
and muscle—no fat

THE old Olympic Game promoters were great for what we call "form." Symmetry, proportion, soundness and proper balance out-bid bulging muscles for favor—yes, and out-won, too, just as they will today.

Mere bulk never was synonymous with endurance—and the truth of this statement drives home with a bang, when you apply it to tires.

IF thick, heavy tires were the last word in tire construction, we could wipe out of existence a Goodrich Research and Test Department employing seventy people. We would take off the road a battalion of ten automobiles, that run twenty-four hours a day and every day in the year, grinding tires of all makes to pieces, just for the sake of information to us and eventual economy to the user of Goodrich Tires.

There is where we learn to cut out of a tire the material which gets the user nothing.

Of course, when we stripped tire price lists of their padding—fictitious values—we expected rivals to say we had stripped our tires.

IT was their only "come-back." They had to say that, in stripping down prices to the point where they were fair to dealer and consumer and left no room for injurious price-cutting tactics, we had stripped our tires of some quality, too.

THE Goodrich Tire, like the trained athlete, is all brawn and muscle—no fat. It represents an achievement—the ability to cut out the extra costs of manufacture, the extra costs of labor, of extra, needless material, and to give you the best, long-mileage, high-standard tire in the world.

There are padded tires as well as padded price lists.

Don't pay for padding.

Now don't forget this—we are talking in the main about Goodrich Safety Tread Tires, for they represent ninety per cent of our factory output for resale.

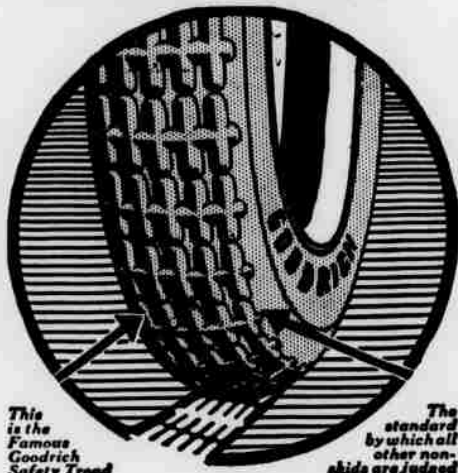

Furthermore, while we have put the padded prices on smooth tread tires on the run, the evil of padded prices on non-skid tires still is in evidence, as shown in table below:

THE B. F. GOODRICH CO., Akron, Ohio

Note the following table of comparative prices on non-skid tires. Columns headed "A," "B," "C" and "D" represent four highly-advertised tires:

Size	Goodrich Safety Tread	OTHER MAKES			
		"A"	"B"	"C"	"D"
30x3	\$ 9.45	\$10.55	\$10.95	\$16.35	\$18.10
30x3½	12.20	13.35	14.20	21.70	23.60
32x3½	14.00	15.40	16.30	22.85	25.30
34x4	20.35	22.30	23.80	31.15	33.55
36x4½	28.70	32.15	33.60	41.85	41.40
37x5	33.90	39.80	41.80	49.85	52.05

If you are charged less for any other make than Goodrich, they are taking it out of the tire; if you are charged more, they are taking it out of you.

This is the Famous Goodrich Safety Tread

The standard by which all other non-skid tires are judged

## GOODRICH FAIR-LISTED TIRES

### ORANGE ISLAND PARK WILL BE EXPLOITED

BEAUTIFUL AND HISTORIC ISLAND PROPERTY NOW IN HANDS OF THE KAGAY-MARSHALL COMPANY.

A deal was closed Wednesday to place on sale the choice lots in Orange Island Park, located on North Beach street and Fairview avenue.

The work of developing and improving this property has been in progress for the past twelve months. Millions of cubic feet of soil have been dredged from the channel of the Halifax river and some of the choicest water-front building sites in the state of Florida is the result.

Orange Island, before its transition into a residential suburb, was, as its name implies, completely cut off from the mainland on which the city of Daytona is built. A strip of lowland, submerged at low tide, intervened between the island and the

shore. Orange Island was given its name because it was overgrown with wild orange trees.

Giant oaks, beautiful palms and wild oranges trees are found upon many of the lots in this property. These trees have been growing upon the island for years and are worth thousands of dollars to this property.

Besides the natural beauty of the tract, over \$30,000.00 has been spent in improving and developing the same. A seawall of coquina rock has been built the entire length of the water front and there are 15 choice lots facing this water front. Rio Vista avenue extends in front of these home sites and a parkway has been reserved along the seawall, the riparian rights being reserved on the plat, so that the same can be given to the purchasers of lots in this beautiful tract.

The streets have all been graded and hard-surfaced with shell and five-foot concrete sidewalks built in front of every lot. City water, electric lights and telephones have been installed on the property, and the same is in the sewerage district of the city. The entire plat is within the city limits of Daytona and has all the

benefits and advantages of the highest priced business and residence property in this city.

Orange Island Park is only a short walk from the business section of Daytona; in fact there is business property adjoining the subdivision on the south and west and some of the lots on Peninsula road, which is the main driveway on the mainland to Ormond and will probably be the automobile road from Jacksonville to be paved with brick. The street car line has been extended to Orange Island and residents of this property can board the street cars at corner of North Beach street and Fairview avenue.

The Central bridge, which is known as the Daytona bridge and is the principal bridge connecting the cities of Daytona, Daytona Beach and Seabreeze, is directly in front of Orange Island Park and the bridge company will shortly improve the causeway in front of this subdivision, making a modern concrete approach.

The history of human habitation upon Orange Island appears to date back to a very early period. Upon the island has been unearthed fragments of pottery manufactured probably by the aborigines of this region, which adds a peculiar vein of interest to the development of this beautiful property, and tends to show that Orange Island was evidently selected years ago, being the choice from millions of acres and of miles of water front both on the Atlantic and Halifax. This island was selected by the original inhabitants of this country for its natural beauty.

The development of Florida as a farming and truck-producing state owes much to Orange Island, as it was here that the first flowing artesian well was discovered in the state. This well was driven over 40 years ago by John Manley, and it was through the persistency of John Manley that Florida is now one of the greatest states in the Union, for irrigation farming. This well is 125 feet deep and is located upon one of the choice lots in Orange Island Park.

The lots in Orange Island Park are restricted to homes costing at least \$2,500, and there is a 30-foot building line so as to give the property a uniform park-like appearance and not to obstruct the view from any lot.

S. H. Gove has recently completed a handsome, attractive home in Orange Island Park, which embodies many individual ideas, and is

one of the most convenient to be found in this section of the state. The architecture is along the lines of the "Spanish mission" buildings, and it will be well worth your time to drive through this beautiful subdivision in order to view the Gove residence, which is artistically designed to blend with the natural conditions to be found in Orange Island Park.

When we take into consideration the fact that river-front lots in this city can hardly be secured at any price and that Orange Island is the only property in Daytona lying along the regular boat channel in the river, and that there is from 20 to 28 feet of deep water within a few feet of the coquina rock seawall, it is certainly a desirable place for homes and one which should not be overlooked by home builders or investors.

River-front property advances faster than any other residential property. Take, for instance, the rapid advance in the river frontage in Jacksonville in the Riverside and Ortega subdivisions. The experience here in Daytona has been that the river frontage brings the best price and is in greatest demand. Any resident will tell you that river-front lots in Daytona, Daytona Beach and Seabreeze have doubled in value many times over during the past few years. It would be hard to conceive of a better proposition for either a home or an investment in the state than Orange Island Park.

The owners have closed a contract with the Kagay-Marshall Realty company to dispose of the choice lots in Orange Island Park, and offices have been opened with Bingham & Thompson, 174 South Beach street. The opening sale will be announced in the near future, and in the meantime the automobiles of the company are at the disposal of prospective purchasers to inspect Orange Island Park.

### NEWS OF THE HOTELS

(Continued from Page Eight.)

Mrs. Boardman and Mr. Hunter will remain here until the first of May, having decided that Daytona is the only "prettiest winter resort in the world."

Mr. and Mrs. D. McNicoll, of Montreal, who are guests at the Prince George hotel look upon their annual visit to Daytona each winter as one of the bright spots in their lives. They have been coming here for many consecutive seasons, and although Mr. McNicoll is a very busy man, being vice-president of the Canadian Pacific railway, he believes that there is nothing like the rest here in Daytona.

The famous Italian operatic trio entertained the guests of the Howard house, Wednesday evening, rendering a delightful program of classical instrumental and vocal selections. The members of the Howard were well filled with guests of the house, which is enjoying a most successful season, and all enjoyed and appreciated the evening's entertainment. Mrs. Howard is greatly admired by the guests of the hotel and her efforts to make every guest of the house have a good time and feel at home, make her doubly popular.

Mr. and Mrs. C. W. Hodges, who have been stopping at the Prince George hotel during the month of March, are great admirers of the "Prettiest Winter Resort in the World." Mr. Hodges is city editor of the Cincinnati Enquirer, one of the greatest newspapers in this country. This great daily was the originator

of the one-word heading, which for a time distinguished it from all other papers, a style that is gradually being taken up by other newspapers. Mr. Hodges was recently re-elected president of the Currier Press club, of Cincinnati, a position he has held continuously for the last five years.

#### CARD PARTY AT THE RIDGEWOOD YESTERDAY

An enjoyable diversion at the Ridgewood Friday, was the ladies' card party given at the hotel in the afternoon. Several tables were engaged throughout the afternoon and prizes were won by Mrs. Garrison, a guest from Detroit; Mrs. Griffling, of Danbury, Conn.; Mrs. Smith and Mrs. Howard, of Boston, and Miss Craig, head, of Toronto, Can. The Ridgewood is famous for its hospitality, and the Friday afternoon party was no exception to the general run of its entertainments.

#### Explaining "Memory."

When you speak of others as having a good memory, you do not mean that at all. Instead of meaning that the man with a "good memory" has accurately recalled an event in the full ramifications of all its details, and recorded it in his whole human texture ready for reproduction at will, what you really indicate is that he has good power of retention, irrespective of detailed accuracy or faithfulness of the full recollection.—Dr. Leonard Keene Hirschberg.

To Prevent Cheese Molding.  
A good way to prevent cheese from molding is to wrap it in a cloth "rung out in vinegar and then in paper."

#### Distance of Moon From Earth.

Prosaically, the moon is distant from the earth a little less than 240,000 miles, or less than ten times the circumference of the earth. This is very close for a planetary neighbor, and especially one so powerful as his erratic satellite, the diameter of which is 21,162 miles and its mass being much greater than that of any satellite of any other planet of our solar system; Mars having two, Jupiter seven, Saturn ten, Uranus four and Neptune one.

## EUROPEAN WAR, EBBETS FIELD, EVENING 17TH, SAINT PATRICK'S DAY

Since the announcement several days ago in the Daily News that A. Rousseau would give a pyrotechnic reproduction of European battle scenes at Ebbets field on the evening of March 17th, there has been a great deal of speculation locally as to the spectacular details of this marvelous exhibition. By way of giving a general idea (it is impossible to picture its magnificence and magnitude in this small space) of the fireworks display, Mr. Rousseau says that nothing of a similar character shown in this country excels or even equals it in points of gorgeousness and thrilling climaxes.

The boom of big shells, rattle of muskets, destruction of forts and cities, explosion of ammunition magazines, presence in the air of warplanes and Zeppelin airships—all combine to make a terrifying likeness of war in all its bloody, merciless destruction of human life and ruthless annihilation of property.

## GUESTS OF MAGNOLIA HOTEL ENJOYED A COMEDY PARTY

The guests of the Magnolia hotel enjoyed a "Comedy Party" at that house Friday evening that was pronounced one of the most delightful social events at the Magnolia during the present season.

The young ladies of the house gave a Jubilee Concert and H. P. Jacques and Mrs. Hollman took the parts of principals in a wedding ceremony in which W. E. Hitchcock acted as the minister and Miss Nina Phillips played the wedding march. Little Miss Grace Hollman represented a monkey and Mrs. Hinks was the monkey man. Mrs. David A. Jones, who was in charge of the festivities, appeared as a witch and Mrs. C. T. Lamb, Jr., took the part of a man and carried golf clubs. All the little boys of the house were dressed as girls and all the girls as boys.

Mrs. W. M. Shaffner gave several selections and comic stories and Mrs. Collier told several interesting stories as did also Robt. Young. It was truly an evening of jollity and the fun was kept up until about 11:00 o'clock, all the guests of the Magnolia taking part in the frolic.

"Sweetheart Days"—are you enjoying them or are they but a memory? Go hear about them at the Baptist church tomorrow night.

# IF

and Can't are two words to keep men poor.  
DO NOT USE THEM.

A gentleman said to me a few days ago. "Van I could have bought the six lots where your business is for \$1100.00. If I had known what I know now I would have bought them." That was less than four years ago. I bought them of Mr. Horace Stewart for that price. Last fall I was offered \$650.00 for one lot, a corner.

You say, I can't see how they can increase in value any more. Well, next fall when you come down you are going to pay 20 per cent. more for your lots than if you bought them this spring. And you are going to do it.

I bought two lots ten years ago for \$100.00. I sold them last fall for \$800.00. And that price was less than asked for property adjacent. There are just as good bargains offered now. Read the different ads every day. If you had been here twelve years as I have you would recognize the various good things offered by different ones.

Study over this advice, and let me know if there is a better place to live than in any one of these three live towns.

Sincerely yours,

**A. VAN DE VORD**

## MRS. HUTCHINSON, OF CHICAGO, DIED TODAY

AGED LADY SICK FOR YEARS --  
CAME HERE WITH DAUGHTER  
IN JANUARY--FUNERAL NEXT  
TUESDAY.

The death of Mrs. Emily S. Hutchinson, of Chicago, occurred at one of the local hospitals at 5:35 o'clock Saturday morning. She had been in ill health for a number of years, and her demise was not unexpected. Her age was 74 years.

Mrs. Hutchinson came to Daytona early in January, with her daughter and the latter's husband, Francis T. A. Jenkins, also of Chicago. They were guests for a time at one of the

Seabreeze hotels, but later returned to Daytona.

Accompanied by Mr. and Mrs. Jenkins, the remains will leave Sunday afternoon for Chicago. It is planned to have the funeral take place next Tuesday at Graceland chapel, Chicago. Immediately after the conclusion of the chapel service by Rev. John N. McGann, the body will be interred in Graceland cemetery.

Mrs. Hutchinson was a widow, and a member of the Episcopal church.

Chairman Geo. F. Crouch of the county school board, who has been with the board on a tour of inspection of the schools on the west side of the county, returned home Friday night from Osteen. The board will begin its inspection of the schools on the east side of the county next Monday, visiting the Daytona and Ormond schools on that day.

lot of comedy by the black face, furnishing a dozen heavy laughs in quick succession. Leon D. Brooks followed with a novelty song and dance, offering that was the biggest hit of the evening, he being called back time and again. His songs and comedy were new in local minstrel circles, and the audience was loath to have him leave. A closing in the original first part setting was an innovation.

The Quality Four contributed largely to the success of the show, Virgil Judson, the pianist, being a great help during the rehearsal period.

## RAYMOND GREEN DOUBLE VICTORY

DAYTONA HIGH SCHOOL STUDENT WINS BOTH MORNING AND AFTERNOON MATCHES IN DESPLAND TOURNAMENT.

Raymond Green won the men's singles tennis championship at the Despland Friday afternoon, when he defeated Mr. Parks, of Boston, in straight sets, 6-2, 6-0 and 6-3. It was Mr. Green's second victory of the day, as he won the semi-finals from Freeman Fisher in the morning session by scores of 6-2, 6-2. The victor, who is a student of the Daytona high school, was the youngest entrant in the tournament, and has displayed consistent form throughout the tournament play.

In the morning's match with Fisher, Green displayed the same tactics which won him the important finals match in the afternoon. In contrast to the careful and conservative game played against Cunningham on the previous day, he employed the smashing game and had but little difficulty in disposing of Fisher, 6-2 and 6-2. The finals in the afternoon were merely a repetition of the morning's play, with the exception of another face on the opposite side of the net, and the match went to Green in straight sets.

Weather conditions being favorable, the final matches in the tournament will be played today. The finals in the mixed doubles are yet to be played and will doubtless draw a good gallery. Yesterday's matches were witnessed by good sized crowd, who were treated to some good tennis in both matches, rallies of considerable length being frequent.

In the mixed doubles Saturday morning, Miss Darling and Mr. Fisher won from Mrs. Shaw and Mr. Cunningham, scores being 6-3, 3-6 and 6-1.

Miss Theodosia Jones, of Marion, S. C., who had been the guest for several days of Geo. H. Clark and daughter, Miss Evelyn Clark, at their home on South Beach street, left Friday for Jacksonville where she will spend a few weeks with a sister in that city before returning home.

## PREFERS FLORIDA AND DAYTONA PLACES FOR WINTER SOJOURN

Dr. and Mrs. J. E. Clark, of land, Ohio, who are now at the Ridgewood hotel for a winter sojourn this season, are planning a tour of the East and wintering in Florida. They were very much impressed with Miami and are planning to spend the winter there. Dr. Clark has spent several seasons or parts of a season in Florida but prefers the climate to that of the Pacific coast and prelates the shorter trip to Florida.
